Manav Devang CM

7019800876 manav27cm@gmail.com manav-devang-cm Manavshetty27

Skills

Programming: C, Java, Python
Frontend: HTML, CSS
Backend: Basic Backend Development
Database: SQL
Core: Data Structures, Object-Oriented Programming, Problem Solving

Projects

Automatic Fire Extinguisher 2026
Embedded Systems / Safety Automation

- Developed a prototype for **automatic fire detection and suppression** using flame sensors, relay module, water pump, and battery power supply.
- Designed the system to detect flames and automatically activate the **water pump** through a relay for rapid fire suppression.
- Focused on applications in **schools, colleges, shopping malls, and commercial buildings**.

Air Quality Detector 2026
IoT / Environmental Safety

- Designed a prototype concept for monitoring **smoke, dust, and hazardous gases** in industrial environments.
- Studied safety challenges in sawmills and proposed continuous monitoring to provide **early hazardous-condition alerts**.

Experience

Tap Academy 2026
Technical Training / Programming

- Practiced programming fundamentals and problem-solving using **Java, Python, and C**.
- Worked on programming exercises involving loops, arrays, patterns, conditions, and basic algorithmic problem solving.

Achievements

- Completed hands-on programming and technical training focused on **Java, Python, and C**.
- Developed academic prototypes addressing real-world problems in **fire safety and environmental monitoring**.
- Participated in project-based learning and technical activities related to engineering and data science.

Education

Adichunchanagiri Institute of Technology
B.E. in Data Science — ***CGPA: 7.2***

Sri Sai Angels Pre University College
Pre-University — ***Percentage: 84%***

St. Mary's High School
Secondary School Leaving Certificate — ***Percentage: 92%***
